~Miss Me, But Let Me Go~

When I come to the end of the day,
and the sun has set for me.
I want no rites in a gloom-filled room.
Why cry for a soul set free?

Miss me a little, but not too long,
and not with you head bowed low.
Remember the love we once shared;
miss me, but let me go.

For this is a journey we all must take
and each must go alone.
It's all part of the maker's plan,
a step on the road to home.

When you are lonely and sick at heart,
go to the friends we know.
and bury your sorrows in doing good deeds.
Miss me, but let me go.

The background is a textured, mottled olive-green or taupe color. In the upper right quadrant, there are two roses. One is a smaller, tighter bud, and the other is a larger, more open flower showing its petals. The roses are rendered in a soft, painterly style, blending into the background.

so sweet, so unforgettable...

The background of the entire image is a textured, mottled olive-green color. In the upper right quadrant, there are two roses rendered in a soft, painterly style. One rose is in full bloom, facing right, while the other is a bud, facing left. They are slightly faded and blend into the background texture.

The background is a textured, mottled olive-green or taupe color. In the upper right quadrant, there are two roses. One is a smaller, tighter bud, and the other is a larger, more open flower showing its petals. They are rendered in a slightly darker shade of the background color, giving them a subtle, embossed appearance.

I WAS AT THE GRADUATION THE DAY YOUR MOM GOT YOUR DIAPLOMA AND EVERYBODY WAS CRYING. IT WAS A HAPPY BUT SAD DAY AT THE SAME TIME. Dont Mourn 4 Me!!!

January 22, 2007

Please don't mourn for me, I'm still here.

***Although you don't see me,
I'm right here beside you each night and day,
and within your heart I'll stay.***

***My body is gone, but I'm always near
in everything you feel, see, or hear.***

***My sprit is free, but I'll never depart,
as long as you keep me alive in your heart.***

***I'll never wander out of your sight,
I'm the brightest star in the night.***

***I'll never be beyond your reach,
I'm the warm moist sand when you're at the beach.***

***I'm the colorful leaves when fall comes around,
I'm the pure white snow that blankets the ground.
I'm the beautiful flowers of which you're so found.***

***I'm the first blossom you'll see in the spring,
the first warm raindrops that April will bring.***

***I'm the ray of light when the sun starts to shine,
and you'll see that the face of the moon is mine.***

***When your start thinking there is no one to love you,
can you talk to me through the lord above?***

***I'll whisper my answers thru the leaves on the trees,
and you'll feel my presence in the soft summer breeze.***

***I'm the hot, salty tears that flow when you weep,
and the beautiful dreams that come when you sleep.***

***I'm the smile you'll see on a baby's face,
just look for me, all of me, I'm everyplace.***

Thinking of KeKe and her family...

October 25, 2006

I know things can be hard right now, but GOD will see everyone through this hard and difficult time. It's still so hard to believe that KeKe is gone! I just want all her friends and family to know that I love her like a lil' sister and I will never ever forget the times we had together...me and her friendship wasn't always the best...but friends argue sometimes and I'm glad we got over it! I love you KeKe, but I just can't face the fact that you're gone! To Johnelle and the family...I can't say that I feel your pain...but if you ever need anything, I mean anything at all...I PROMISE to try my best to get it done for you! Just continue to be strong for KeKe, because I know I will.

All my love goes to KeKe's family and friends...

GOD BLESS!

It's So Hard

July 13, 2006

Everytime I walked down that hallway where you would pass me, I'd cry, and I can't help it, I know you wouldnt want me or anyone else to cry, because you are in a better place. But you were so young, and you had such a good life, sometimes i question why he couldnt have taken someone else besides you. But, it was time for him to take his angel back, I love you girlie.

Broken Chain

June 7, 2006

It seems like only yesterday that we all played and ran around. From birthdays to Easter egg hunts, you always wore a smile. We will continue to cherish our memories and know you're looking out for us.

*****Poem of Remembrance*****

You can shed tears that she is gone, or you can smile because she has lived. You can close your eyes and pray that she'll come back, or you can open your eyes and see all she has left. Your heart can be empty because you can't see her, or you can be full of the love you shared. You can turn your back on tomorrow and live yesterday or you can be happy for tomorrow because of yesterday. You can remember her and only that she's gone, or you can cherish her memory and let it live on. You can cry and close your mind, be empty and turn your back, or you can do what she'd want, smile, open your eyes, love and go on.

Missing You

June 6, 2006

Keke, this is all still unreal to me. It has been hard for me to except the fact that you're gone. I had just seen you in the hallway the week before, "Just chillin" on the locker in between class or just strollin on to class (knowing that you really aint wanna go, like everyone else lol.) You are gonna be missed truly. I remember when we all used to play up your great grandmother Sterlings house and get in the little kiddie pool when young thinking we could swim(knowing that that lil bit of water wasn't enough to reach our knees, barely or ankles lol). Everyone is gonna miss your smile and your laugh! You always brightened up everyones day. Man, i know you remember them days we used to bust our butts at step team practice but everyone still managed to trip. I know me and you were not close but I am really gonna miss you girl. Keep on chillin and remember you will always be in our hearts!!!

Just a little voice and Hug from Heaven from your little angel Ke-Ke:

Mom & Dad,

When you feel a gentle breeze caress you when you sigh,
It's a hug sent from Heaven from a loved one way up high.
If a soft and tender raindrop lands upon your nose,
It's just a little angel's kiss as fragile as a rose.
When you hear a song that fills you with a feeling of sweet love,
It's a hug sent down from Heaven from someone special up above.
If you wake up in the morning to a bluebird's chirping song,
It's music sent from Heaven to cheer you all day long.
If tiny little snowflakes land upon your face,
It's a whisper sent from Heaven all trimmed with angel lace.
So let your heart be joyful if you're lonely, my dear friend,
Hugs that are sent from Heaven a broken heart will mend.
I'm Giving You A Big Hug Today
Eternally, KeKe

Remember God wouldn't put you through it if he wouldn't bring you through it. She will always live on in your heart so keep her there. Cherish all the memories she left with you. Don't lose faith in GOD. When times get rough pray about the situation. Prayer is good. Remember God is always right and everything has a purpose. We must take this and learn and grow from it.

When you see the sun shining remembering that that's KeKe shining down on us. When you feel the wind blowing that's KeKe letting you know that she is here for you. When you feel the rain that's KeKe shading her tears so that we can grow and blossom into a better person. Keep your head up and give everything to God. He wouldn't put up through it if he didn't believe it that we can make it through it.

When you see the sun shining remembering that that's KeKe shining down on us. When you feel the wind blowing that's KeKe letting you know that she is here for you. Two roses are positioned in the upper right quadrant of the image. The rose on the left is smaller and more tightly curled, while the one on the right is larger and more open, showing its petals. They are set against a mottled, olive-green background that has a paper-like texture. The overall lighting is soft and diffused, creating a gentle, nostalgic atmosphere.

I LUV and MISS you Keke.

Kendra (Your Sister)

Keke I am always looking at your pictures in this page and trying to figure out why was it you? Why did it have to be my lil sister. Man keke we have so many memories together from fight and partying at my house. I really can't believe that it has been 13 years and you had to just up and leave. I always try to put it in my head that it didn't happen and that you are gone out somewhere with William. But then reality sets in and I know that's not true I just wish that I have all my sisters here to share the birth of there 1st nephew. But even though you are gone in the flesh you are always with me in spirit. Some times I try to tell others about you and can feel my eyes filling up with tears. I miss you so much, I loved you and Nellie more than I love some of blood relatives, Keke you were the sunshine to everyone's life. And know that you have moved on to a better place all we have is your memories. I have tried so hard to think about the better days but the better days don't feel all that great because I know that I missing a major part of my heart. I wish I could have told you before you passed away that your nephew is name after you (Kaleel LaRon Purce). The reason he is named after you is because you was my road dog down for what ever, Even when Nellie was gone to job corps you was there right beside me in the passanger seat. I still remember that day I took you to the empty parking lot and thought you how to drive my car and then I made you drive down to Tidewells to met JR. Just about every place me and you shared a special moment I have not been there since you past. I am sorry for leaving your funeral but I could see them closing you in a box for forever, and I am sorry that I have not been to your grave site since the funeral but I promise you that I will be down there very soon. Just like before I will continue to treat Meshelle like a 2nd mom and I will take care of your family for you, as long as you promise to watch over me and stop me from making to wrong choices.

When we meet up again maybe we can take dat big shoppin spree trip we was plannin. I miss hearin u say "Hey Ria, hey boo!" so much. Everyone was right. School is not the same at all. I couldn't wait 4 it to be over. It just hurt so bad being there because u weren't, and i just felt out of place. I love u so very much Keke!!! ~UNTIL WE MEET AGAIN....~

Damn Keke. All of this doesnt seem real. I was tripping with ya last week and I was with Nelle Friday. This is crazy. Skool not da same. We trip so damn hard on first lunch and in the halls. Lunch wasnt the same Tuesday. I went to the table and I wouldn't let anyone sit where you sat. I told them "No! That's KeKe seat. She's keeping me company." We also trip b4 and afta 5th period. We had so many fun time at the b-ball games and at step practice. I remember all da times we cut up down Shakeya's. Remember when we ate her chicken waiting for the fight that never went down. I remember all the times we laugh about what you was wearing. You was the only one who could pull off Apple Bottom jeans, Rocawear shirt, with a Baby Phat purse and jacket. I have to say this for old time sake. KeKe Guess What? "Apple Bottom". lol. We had so many laughs about

that one. We also trip how you would come up to me when me, Keya, and Phil was about to leave the basketball games and be like "L.Jai, Can you take me home" or how bout this one " What yall about to do beside take me home". You had me laughing with that one. This is so hard for everyone. I went down ya house Saturday to check on everyone. Keya is taking it hard. Today they were doing sign ups for volleyball and I was like Damn, that's KeKe's sport. Byrd and Pootney might not play. Its not gunna be the same without you. U know u ruled that Volleyball court. Remember when we to play argue who was better me or you. Or how bout the times we play fussed about who was better you or my lil sis Byrd. Remember when we laughed about how Pearman took you and Byrd out the game for cussing him out. Damn KeKe its not gunna be the same with out you. KeKe I love ya and I am gunna miss ya. Save my spot in heaven boo. Watch ova everyone. Love, L.Jai

The background is a textured, mottled olive-green or taupe color. In the upper right quadrant, there are two roses. One is a smaller, tighter bud, and the other is a larger, more open flower with visible petals. They are rendered in a slightly darker shade of the background color, giving them a subtle, embossed appearance.
